

Project Status – What Do We Know Right Now?

- Natural Resources
- Corridors
- Geopolitical Boundaries
- Current Wastewater Facilities
- Topography and Watersheds
- Projected Design Flows
- Stream Classifications
- Regulatory Process
- Understanding of Land Resources Management Plan goals and strategies

Getting Your Input!

- Are we missing anything?
- How will area develop?
 - Location?
 - Timing?
 - Type & Density?
- Comments on...
 - Design criteria memorandum
 - Regulatory review memorandum

Project Status – Where Are We Going?

- Wastewater Collection & Treatment Alternatives
- Governance/management alternatives
- Financing Alternatives
- Project Implementation Plan
- Draft Study Report
- Final Report
